

Cost of Attendance

Estimated Cost of Attendance

The cost of living allocation varies per year in medical school and is based on the academic year duration. The cost of living includes the following: room/board, transportation, books and supplies, health insurance, and the cost of USMLE Step 1 for second-year medical students and Step 2 for third-year medical students.

Students who live with their parents should refer to the commuter budget. Students living independently should refer to the non-commuter budget.
